The Class of 2000 says —

Thanks! Mrs. Pozgay

"My hope is that even with computers there will always be a need and appreciation for books"

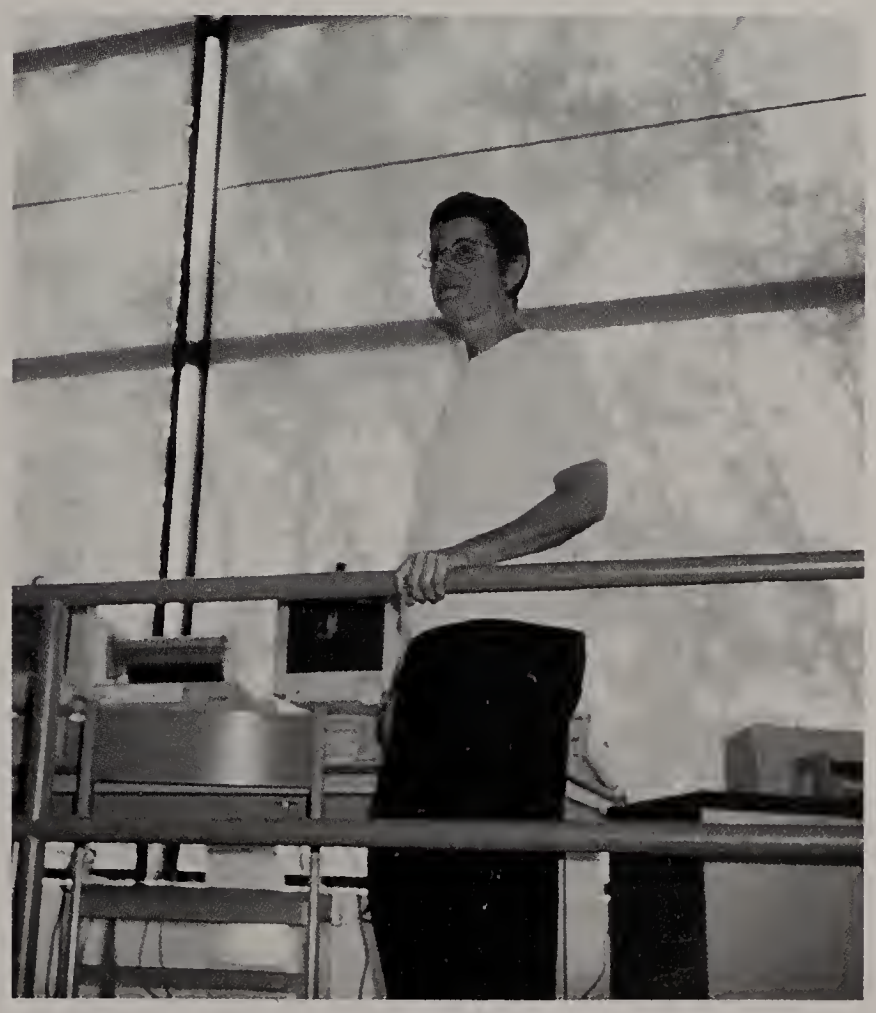

In our time trackers, Mrs. Pozgay's title is School Librarian. While this implies much hard work, we all recognize that Mrs. Pozgay does not only know the language of the Dewey Decimal System, but she also possesses the language of the human heart and soul.

Whether it's books or computers, Mrs. Pozgay is always ready to help.

Wise, and empathetic, Mrs. Pozgay guides and inspires each individual who passes through her doorway. Without a doubt, Mrs. Pozgay's serene optimism creates a sanctuary for each and every member of the Nauset community. Mrs. Pozgay is not just our devoted Librarian, but also she is an exemplary teacher, mentor and friend to all. With thanks, the Class of 2000 dedicates our yearbook to Mrs. Pozgay.

Pep Rally '99'

With Sarah Scalese and Dan "Pubs" Gosselin in control, this year's Pep Rally was a big success and a lot of fun too. Some highlights of the event were Officer Stewart kissing a pig, a tribute from the boys soccer team, and the surprising and astonishing win of the Spirit Award by the freshman class. Overall, Pep Rally '99' was great!

REFLECTIONS

As we close the chapter to the 20th century, we begin a new chapter for the 21st. This chapter is full of new beginnings and great expectations. We take a glance ahead, but not before looking back.

We entered Nauset Regional High School as wide-eyed freshmen, not only as the class of 2000, but as the largest class to ever enter Nauset. We were lucky to have gained a "new" building, however it was just another place for us to get lost. The year progressed, and we began to understand our position at Nauset. We demonstrated our spirit at our first ever Homecoming Pep rally, with the unforgettable pyramid skit. Our freshmen year was full of firsts. This was the first year of the Nauset Sailing team, and the Student Vs. Faculty basketball game. Many of the students found refuge in the newly opened Juice Bar. Our first year had ended, we survived, but we still were unaware of what lay ahead of us.

We walked onto the now familiar concrete campus as sophomores, only to find we were still at the bottom of the Nauset pyramid. We balked at all of the rumors of the sophomore slump, only to learn how true they were. The most memorable moment of our Sophomore year was the day we came to school and the Canopy, that we congregated under in bad weather, had toppled to ground. We waded through the challenges of "our daily Classes", only to find that there were other academic mountains to scale. This was the year the MCAS tests and step-up day were introduced.

Our Junior year was full of excitement and disappointments. The Nauset athletes moved up into the ACL (Atlantic Coast League) and the ALG program was renamed SWS. Most of us began to drive, but only to be limited by the new driving law, NO passengers for 6 months. Some of us began to spend one extra day at school on the weekend, due to Saturday school. Soon after Thanksgiving break we all buckled down to write our Junior papers. The Junior paper was a time for us to search our minds for the SAT words that we would be using in the spring. After the Junior Paper, things around Nauset began to quiet down, until the tragic Columbine shooting... we wondered if this could happen at our little school. Some students attended the first ever Close-Up Washington program. We ended our Junior year with a sorrowful good-bye to our senior friends.

We made it to our Senior year, and we began to write the final chapter of our high school saga. We were busy filling out our college applications, senior survey, and securing teacher recommendations, in preparation for our future endeavors. Many of us just wanted to curl up and sleep half the days away, but due to the new tardy, dismissal policy, we would be reprimanded for our laziness. We all looked forward to our graduation with sorrow as well as anticipation. Student counsel held the first ever Halloween dance, and the winners of the costume contest were the Senior Toga boys. As we began to prepare for prom and graduation we were glad that our class had such a full treasury.

We all look back at the time we spent a Nauset wondering how we ever survived. Our time here was full of emotional ups and downs. We experienced times of sadness, and times of joy. For some high school was the time of our lives and for all of us, the gateway to something bigger. Nauset allowed us to spread our wings and become the people we are. As the final chapter is written we all look back and remember the lessons learned, and the people who helped make us who we are.

We are united as the class of 2000, and now we each take a step in different directions a step closer to our dreams.

From the breaking waves at Nauset Beach to the blowing wind atop White Heat is how I have spent my high school years. From the cold comfort of basements in Eastham to the heat of the Boat House is how I have spent my high school years. From the solitude of my peace of mind to the warm embraces of my family and friends is how I have spent my high school years. As the rolling tide of the ocean comes and goes, so do the students at Nauset High School. One class out, one class in - but we will always return for summertime.

Well, this is the end. Childhood is only a memory ago and the future is but a blink away. There is not enough space to thank all of the people who have been influential and helpful to me through my life so I will just address you all. Please be decent to each other. The world is a harsh place and sometimes the only thing we have to stop us from crossing the brink of insanity is each other. I wish I could list all of the experiences that I have had these four years that have changed my life, but words would do them no justice, so I would just like to thank all of you, you have shown me what life is, not what should or could be.

"Life is an adventure, a wonder, a joy"

I began on the road of life on the 9 of Jun, 1981. I kept going, going going, then I made a turn found myself in the USA. I continued my journey; the countryside was different but so beautiful!! I was walking alone and then on the road I met lots of people, I spent some of my jouney walking with them and they all gave me that little something to help me to continue. They helped me so much, and they gave me so much. But life being what it is, I took another turn... Now I continue my way far from yours but don't forget that our two paths may still cross. I'm walking but I often find myself with a smile as I contemplate all that I lived in the USA.. It was wonderful! Merci a cous tous. Gracieas a mis padres por haberme degado volar...You are the best.

"The things people refuse are the things they should use"
By Robert Nesta Marley

I had the sweetest summer this year partying with Kristain, Chris K., James, Mike, Meghan, Karrie, Chris G., and others. The Huge Cottages where we chilled with many different people each night, will be in my memories till next summer when everybody comes back. We would always have special occasions when we would play with the Club or a Cone and get pummeled by them every time. A few of us made a few trips out to Great Island during the summer, and that was always a blast. We went and jagged at Ziggy Marley, at Steel Pulse, and other phat reggae concerts this summer. Thank you mom and dad you must have told me 4 times or 20 times to stick with school and get through it thank you. What's up dee! See you all around. Peace I'm outta here. -The Assassin

The last 4 years have gone by so fast and before you know it we will all be getting reunion letters in the mail. Time truly does fly. Lets see, so many things to say, Reynolds-FORD rules (when they work). Wood-drive safely. Backus-VAROOOM! Finlay-Brotha'. Person-speak in English, and all the others I forgot it has been fun. What is to come we can only imagine, only dream of, and we will look back on these years and realize that despite the work and tough times the last 4 years will be some of the most memorable in our lives. Thanks Mom & Brendan, Dad, and all the others who helped me along the way.

Nobody knows how fast it goes until its over. What can I say time flies when u r hav'n fun. First thanks to my teachers and mentors throughout my life for sharing your knowledge and support. To my friends, it's been fun, good luck in whatever u do and where ever u go. Ash, I'm in awe of the strength u show everday, u r so very special, I'm glad we found each other. There will always be a place for u in my heart, I Love You. To my fellow fleet outcasts, Matt and Jerome, it's been quite a trip, through thick and thin we 've stuck together, u guys r like brothers to me. Do u think we'll ever be cool enough for the bench? Matt, roommates? Sis, I hope u can survive w/out me, ha ha. Good luck with the next 2 years. Now the most important thank u, Mom, Dad, everyday I do my best to make u proud, thanks for all your support. I know that u both put a lot of love and care into raising me, and I hope u know how much I Love U back. Thanks.

I'd like to start by saying thanks to every one who helped me through the past 4 years. It's been a fun ride. I gotta represent the Eastham heritage. Hartung's basement, swamp runs, chillin' at the spot with the trooper and the Eastham glass. I can't forget the Brewster kids, hanging out at Pubs' - the OBC - ripping with Amadeus at the Burdulis residence. And of course the Junkyard, I met Miss America. To anyone or anything I forgot hopefully I'll remember when my memory clears up. And last I want to thank Martha and Dad because without you guys I wouldn't be here.

A Day In The Life Of A Senior

At around 7:10, you wake up only to realize that you have to go to school again. You run around frantically for 20 minutes and finally jump in your car finding that your windshield is covered with frost. You spend another 5 minutes looking for your favorite CD and discover that it is scratched. At last your journey to school has begun. You now find yourself behind a verry slow driver. When you get to Eastham, you finally get to pass only to find yourself being pulled over by a consciencious, hard working, courteous, law enforcer of the Local Police Department. Following a stern lecture, you continue on the way to school. Oh wait, you haven't eaten yet! Luckily Dunkin Donuts is right on the way.

You order your coffee as you shield yourself from the officer who has just stopped you. Congratulations, you've made it to school! Not so fast! What's your excuse?(See Page 113) You receive yet another well deserved lecture from Amy, and make your way to class. What do you mean first block is over?!

I just got here! You go to gym for another challenging hour and a half of Nauset Ball, and build up a hefty appetite for lunch. We'll just pay a visit to the office and sign ourselves out for another doctor's appointment. On your way to your "doctor's appointment", you stop along the way at your favorite deli for a quick bite to eat. This was the best "doctor's appointment" ever. You swing back to school just in time for your next class. But wait, you don't have to! You have a work internship for the next two blocks. So just sign yourself out and enjoy the rest of the day!

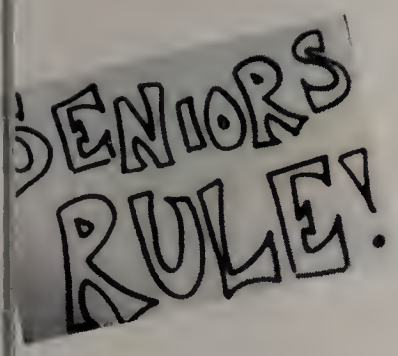

Top Ten Reasons Why Seniors Are Late

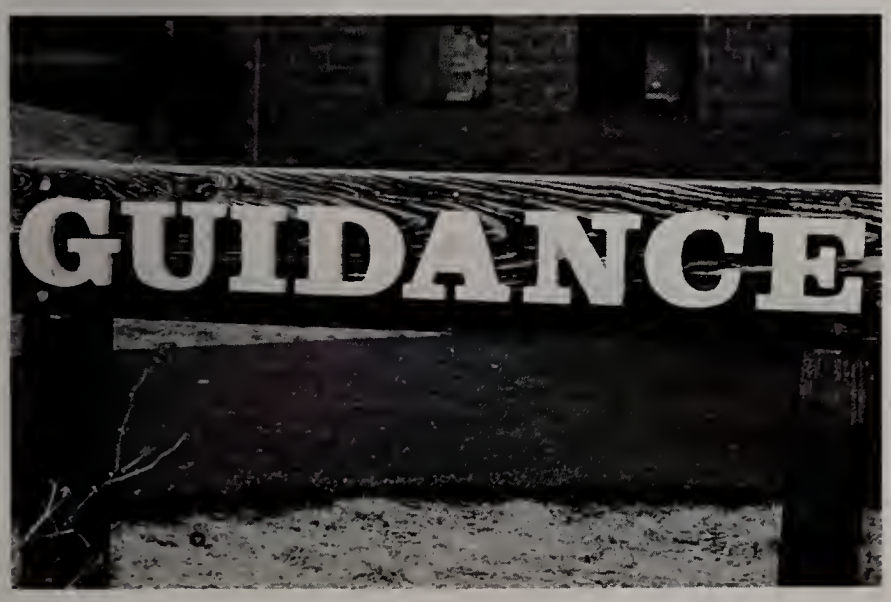

10. I left my book in the car
9. There was a long line at the Hole in One.
8. I had a guidance appointment
7. I went to my B day class-forgot it was A day.
6. I had to walk from A building to N building
5. I forgot which lunch I had so I went to all three
4. I couldn't find my way through the herd of freshmen girls in the gym.
3. I got stuck behind a slow driver on the way to school.
2. I got pulled over 3 times driving through Eastham.
1. I'm a SENIOR, I don't need an excuse.

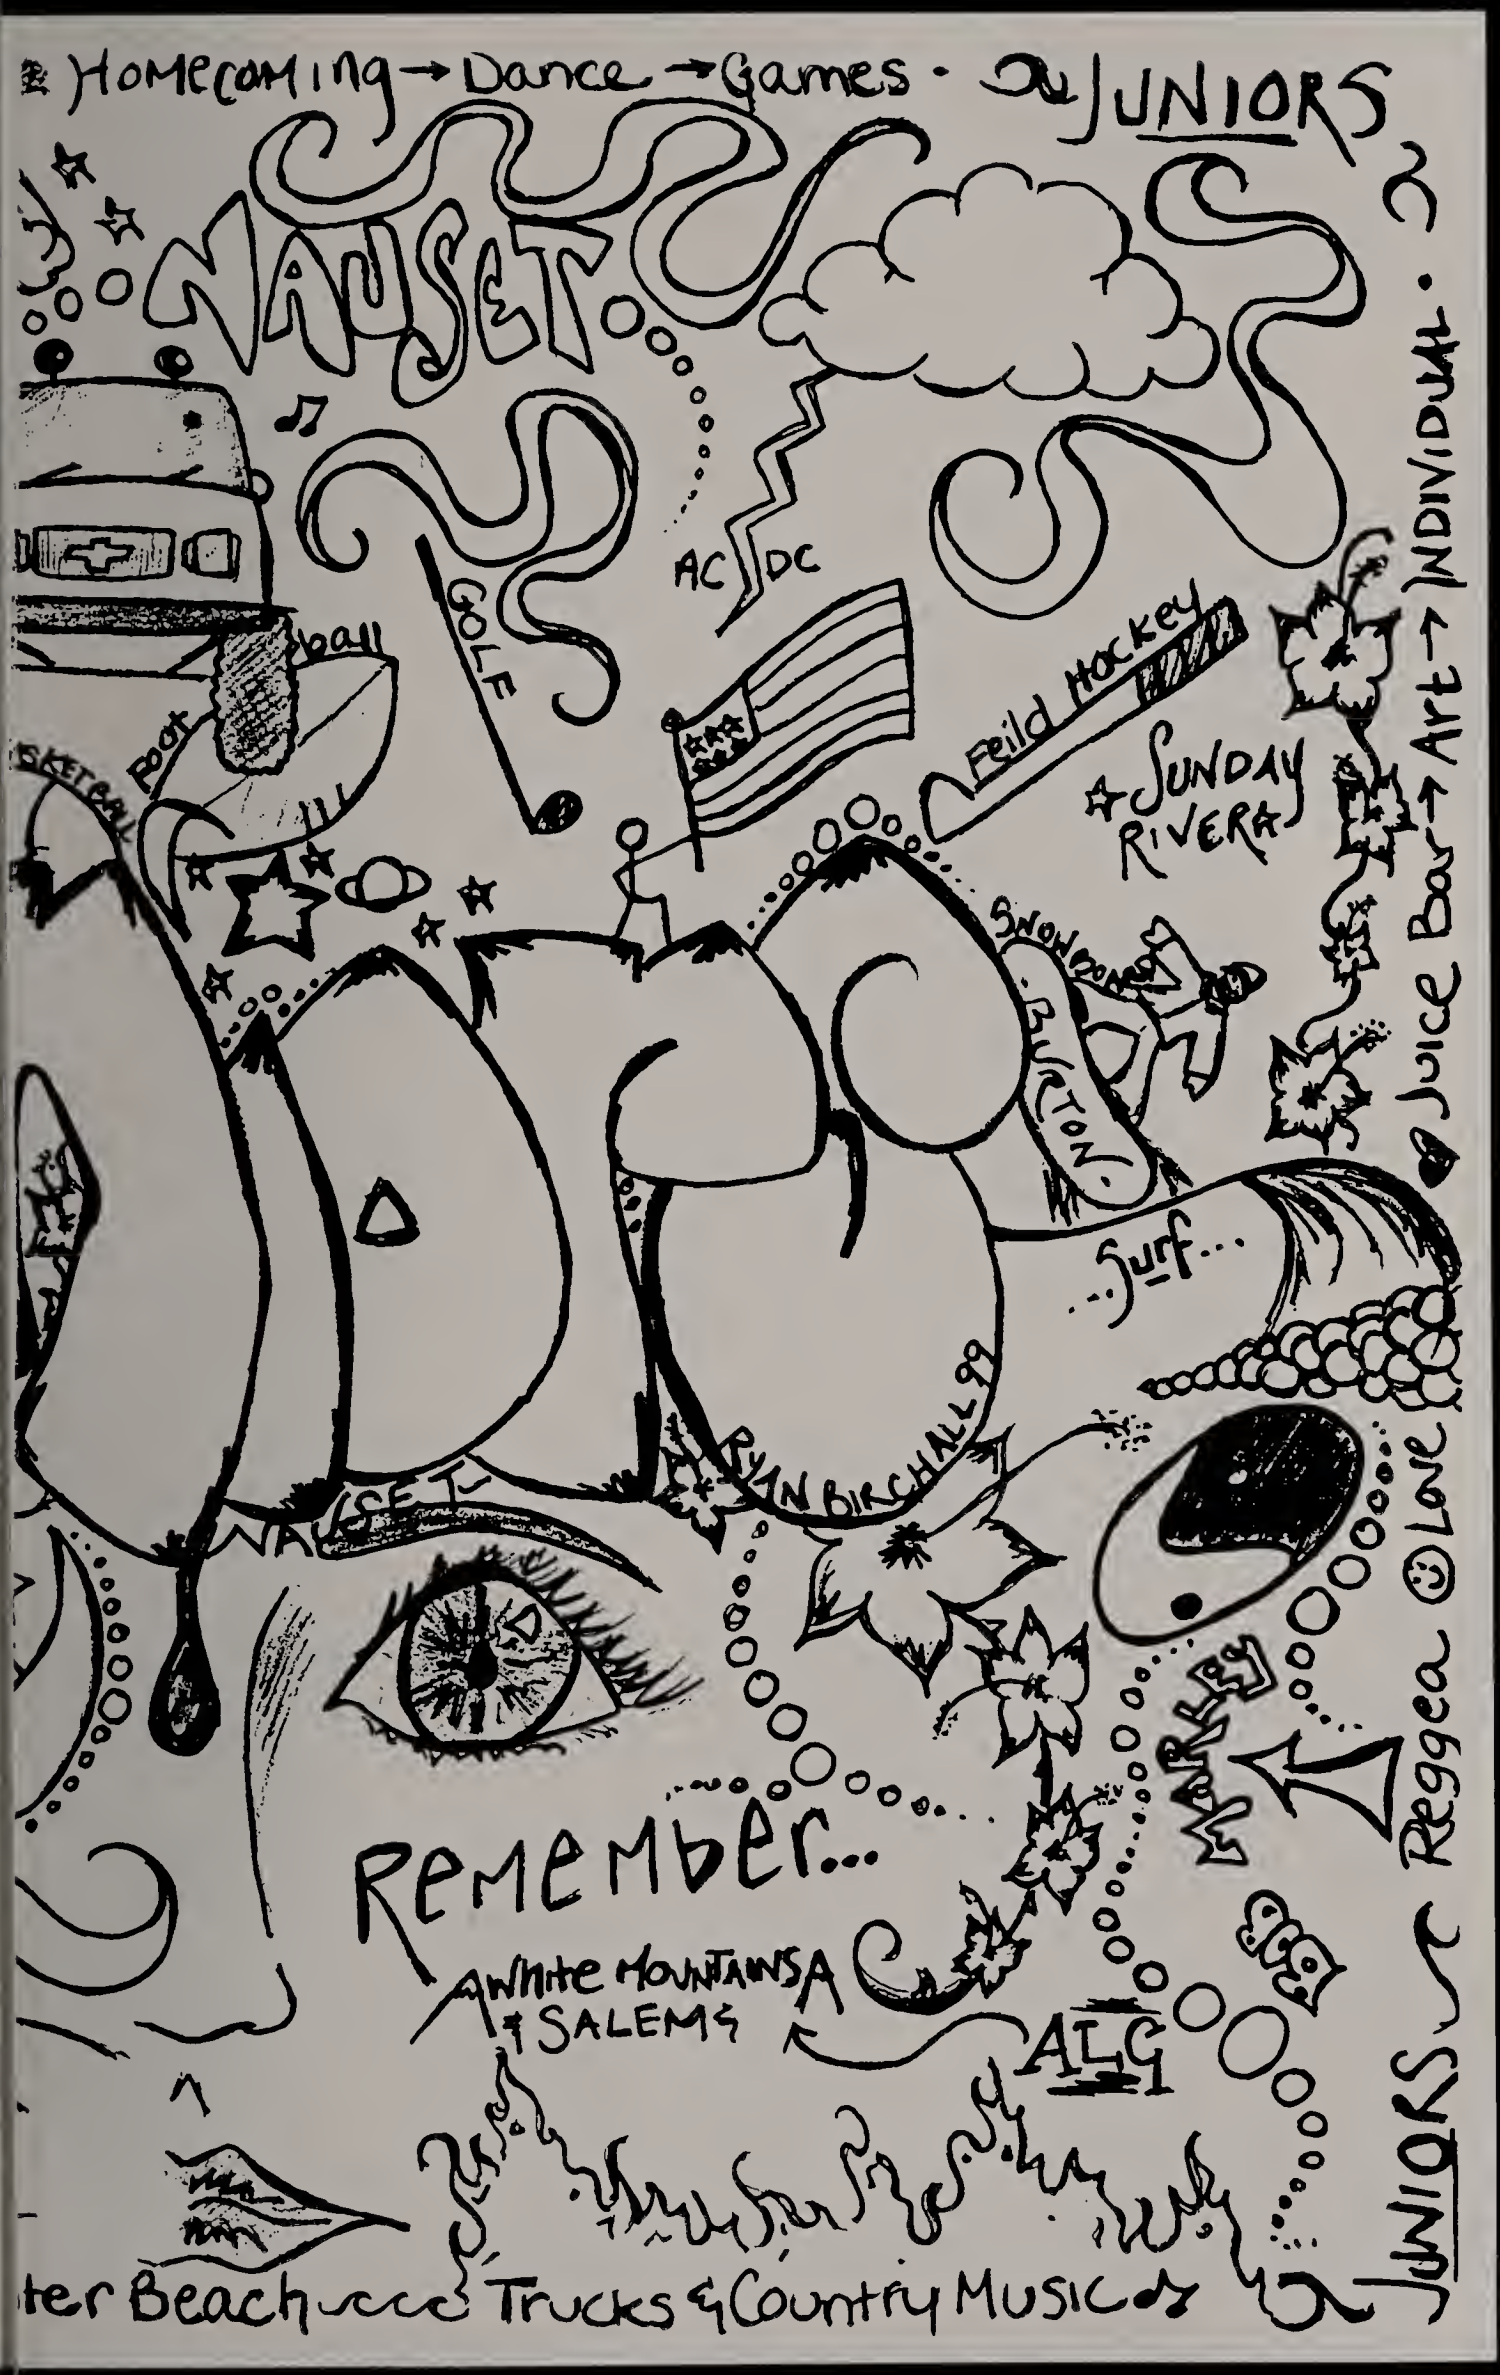

Senior's Tips to Underclassmen

5. Don't go fast on Ocean View Road - "Pine Patrol"
4. Seniors will always win at Nauset Ball!
3. Make friends with Amy.
2. Guidance appointments are a great way to miss a test.
1. PE-Elect, learn it, live it, love it.

CRAZY DAYS OF SUMMER

Our world has begun to blossom. The the days, with lots of sunshine, are getting longer . The school year has ended, we survived the last of our finals, and now we get to shout what every kid waits for:

"SCHOOL'S OUT FOR SUMMER! "

All of us are looking forward to many good times with summer friends. We will enjoy our time at the beach, sunbathing and surfing by day, and lounging by the bonfire at night. We savor every minute of every hour and hope it will last as long as possible.

Giving Something BACK

As the Red Cross entered the gym, they were surprised by all the donors. With only seven beds, the National Honors Society and Interact volunteers helped the nurses to make the long day successful. Almost beating last year's record of donors, we recieved over 100 pints of blood. Due to the great participation of the faculty and students, our goal was achieved. Thanks to all who donated including community members, parents, faculty, and students. Donating blood is a good way to contribute to your community. Unlimited cookies and juice were served to help ease the anxiety and hunger afterwards!!

GOOD LUCK NEXT YEAR!

Bloodmobile Volunteer, Lisa Monroe,is one of the first students to give blood. Liz Shannon and Carly Richards stand by to encourage her.

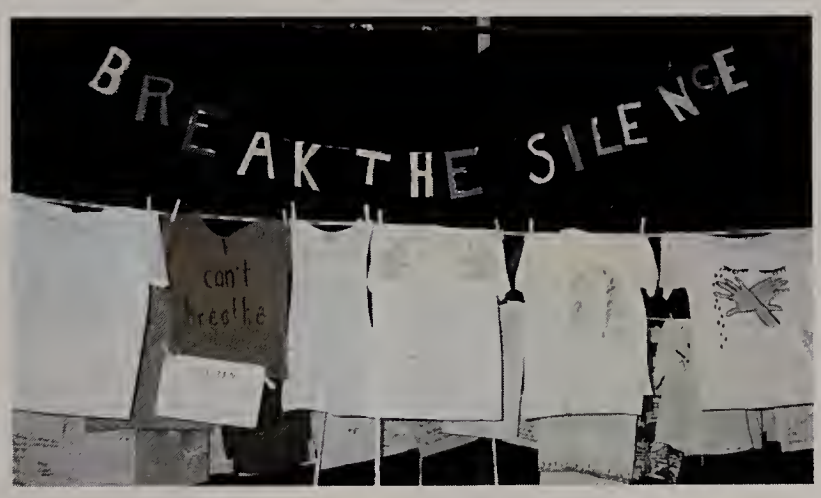

'98, The first year Nauset participated in the annual March of Dimes walk. The Nauset High School team continues this annual effort to help save babies by walking in The Walk America of Hyannis.

World Music with Lisa Brown

This class traveled around the Nauset region to elementary schools and town libraries, demonstrating instruments from Africa, Australia, India, the Mid East, and Latin America. They told stories about where the instruments came from and wrote pieces of music to help the stories. It was a wonderful way to bring various communities together around a musical experience.

The Salt Pond Experience

Down at the Salt Pond, Nauset students spend countless hours taking water samples, using the nets and enjoying the environment. The fresh air and warm sun contribute to the student's enthusiasm to learn hands on. Learning how to take PH levels, oxygen levels and using different nets all prepare students for a career in Marine Sciences.

Jared measures the water temperature with a digital thermometer. But we can tell you...it's very COLD!!!!

Dave uses the PH test kit to test the PH levels in the water.

Salt Pond

Exercise is a perk of going to the Salt Pond. Walking to your site with heavy equiptment will keep anyone in shape!

Ben uses a sifter to find interesting new things in the sand.

The refractometer is used to measure the salinity.

HALLOWEEN DANCE

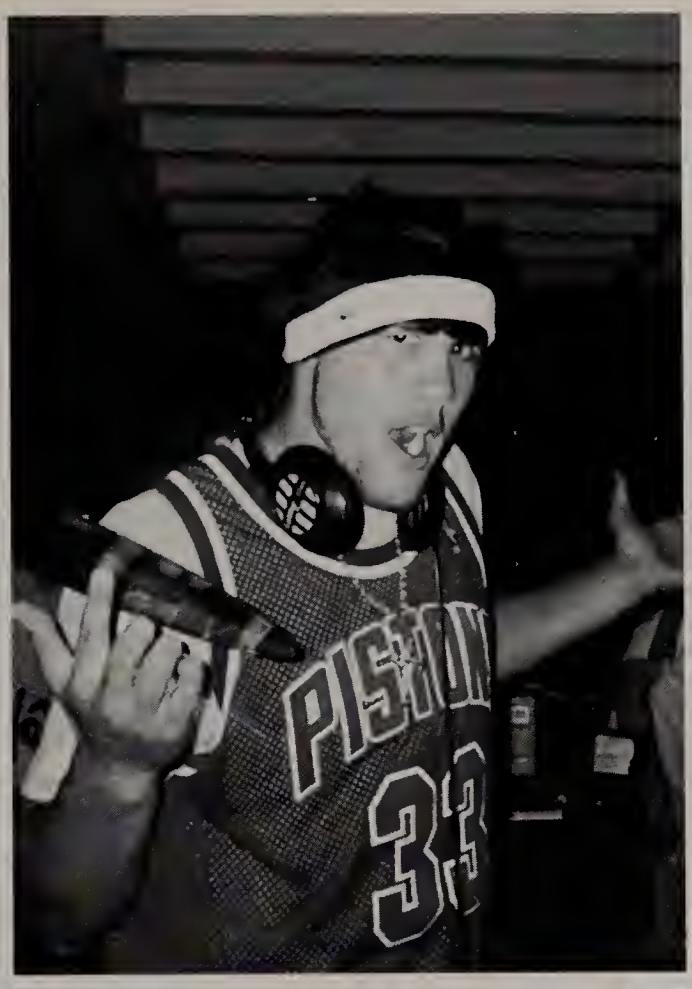

There was an array of costumes and tons of fun! Earlier this year the Student Council hosted the first annual Halloween dance. Everyone from Darth Maul to David Beckham was there. DJ Squeeze appeared as Method Man. Tom Ladd, Joe Hartung, Brandon Eten, and Josh Smith won first prize in the costume contest as the togamen. Vern the pizza slice came in a close second. The night turned out to be a success, and a good time was had by all.

WAY TO GO ERIC!!

Words can't express how proud we are of you. Stay true to yourself and you will continue to soar!!!

With Much Love and Respect,
Dad, Mom & Raimi

Celebrate life
through the music
through the spoken word
through the splatter of
color on paper
or wood
or iron
or canvas
But celebrate your life
Celebrate your ability
to feel joy and
sadness
Celebrate your ability to feel!
Only then will we be free to
Feel! ~A. Shakur

Ryan Damon Green; the future is yours...LUV2U, Mom, Dad, TyErik, Imani, Tré, Angelique, Ama & Papa. We are proud of you, our "shining star". 42GO!

Today
you may not know all that
the world has to offer....
but we know that the world
will be a better place
because of what you have to offer it.

As all of your tomorrows
open themselves to you
never forget how proud we are
of you
and how much *we love you*
yesterday, today, and always

Love and hugs, Kel-Kel...

It has been a joy
Having you as
Our son. We hope
For you the very
Best that life has
To offer and more.

Remember, that life
Is a continuous
Fork in the road.
Only you can
Choose which way
You will go.
Choose wisely.

Much Love, Mom & Dad

Dear Joe,
We are so very, very
Proud of you.
You are the best!
And we love you lots
and lots!

Congratulations to you and all
of your friends in the class of 2000.

Love,
Mom & Dad

You grew up too fast,
And now you're on your way!
Wishing you Success and
Happiness in all you do!

Our Love Forever,
Mom, Dad, Joe, and Eliza

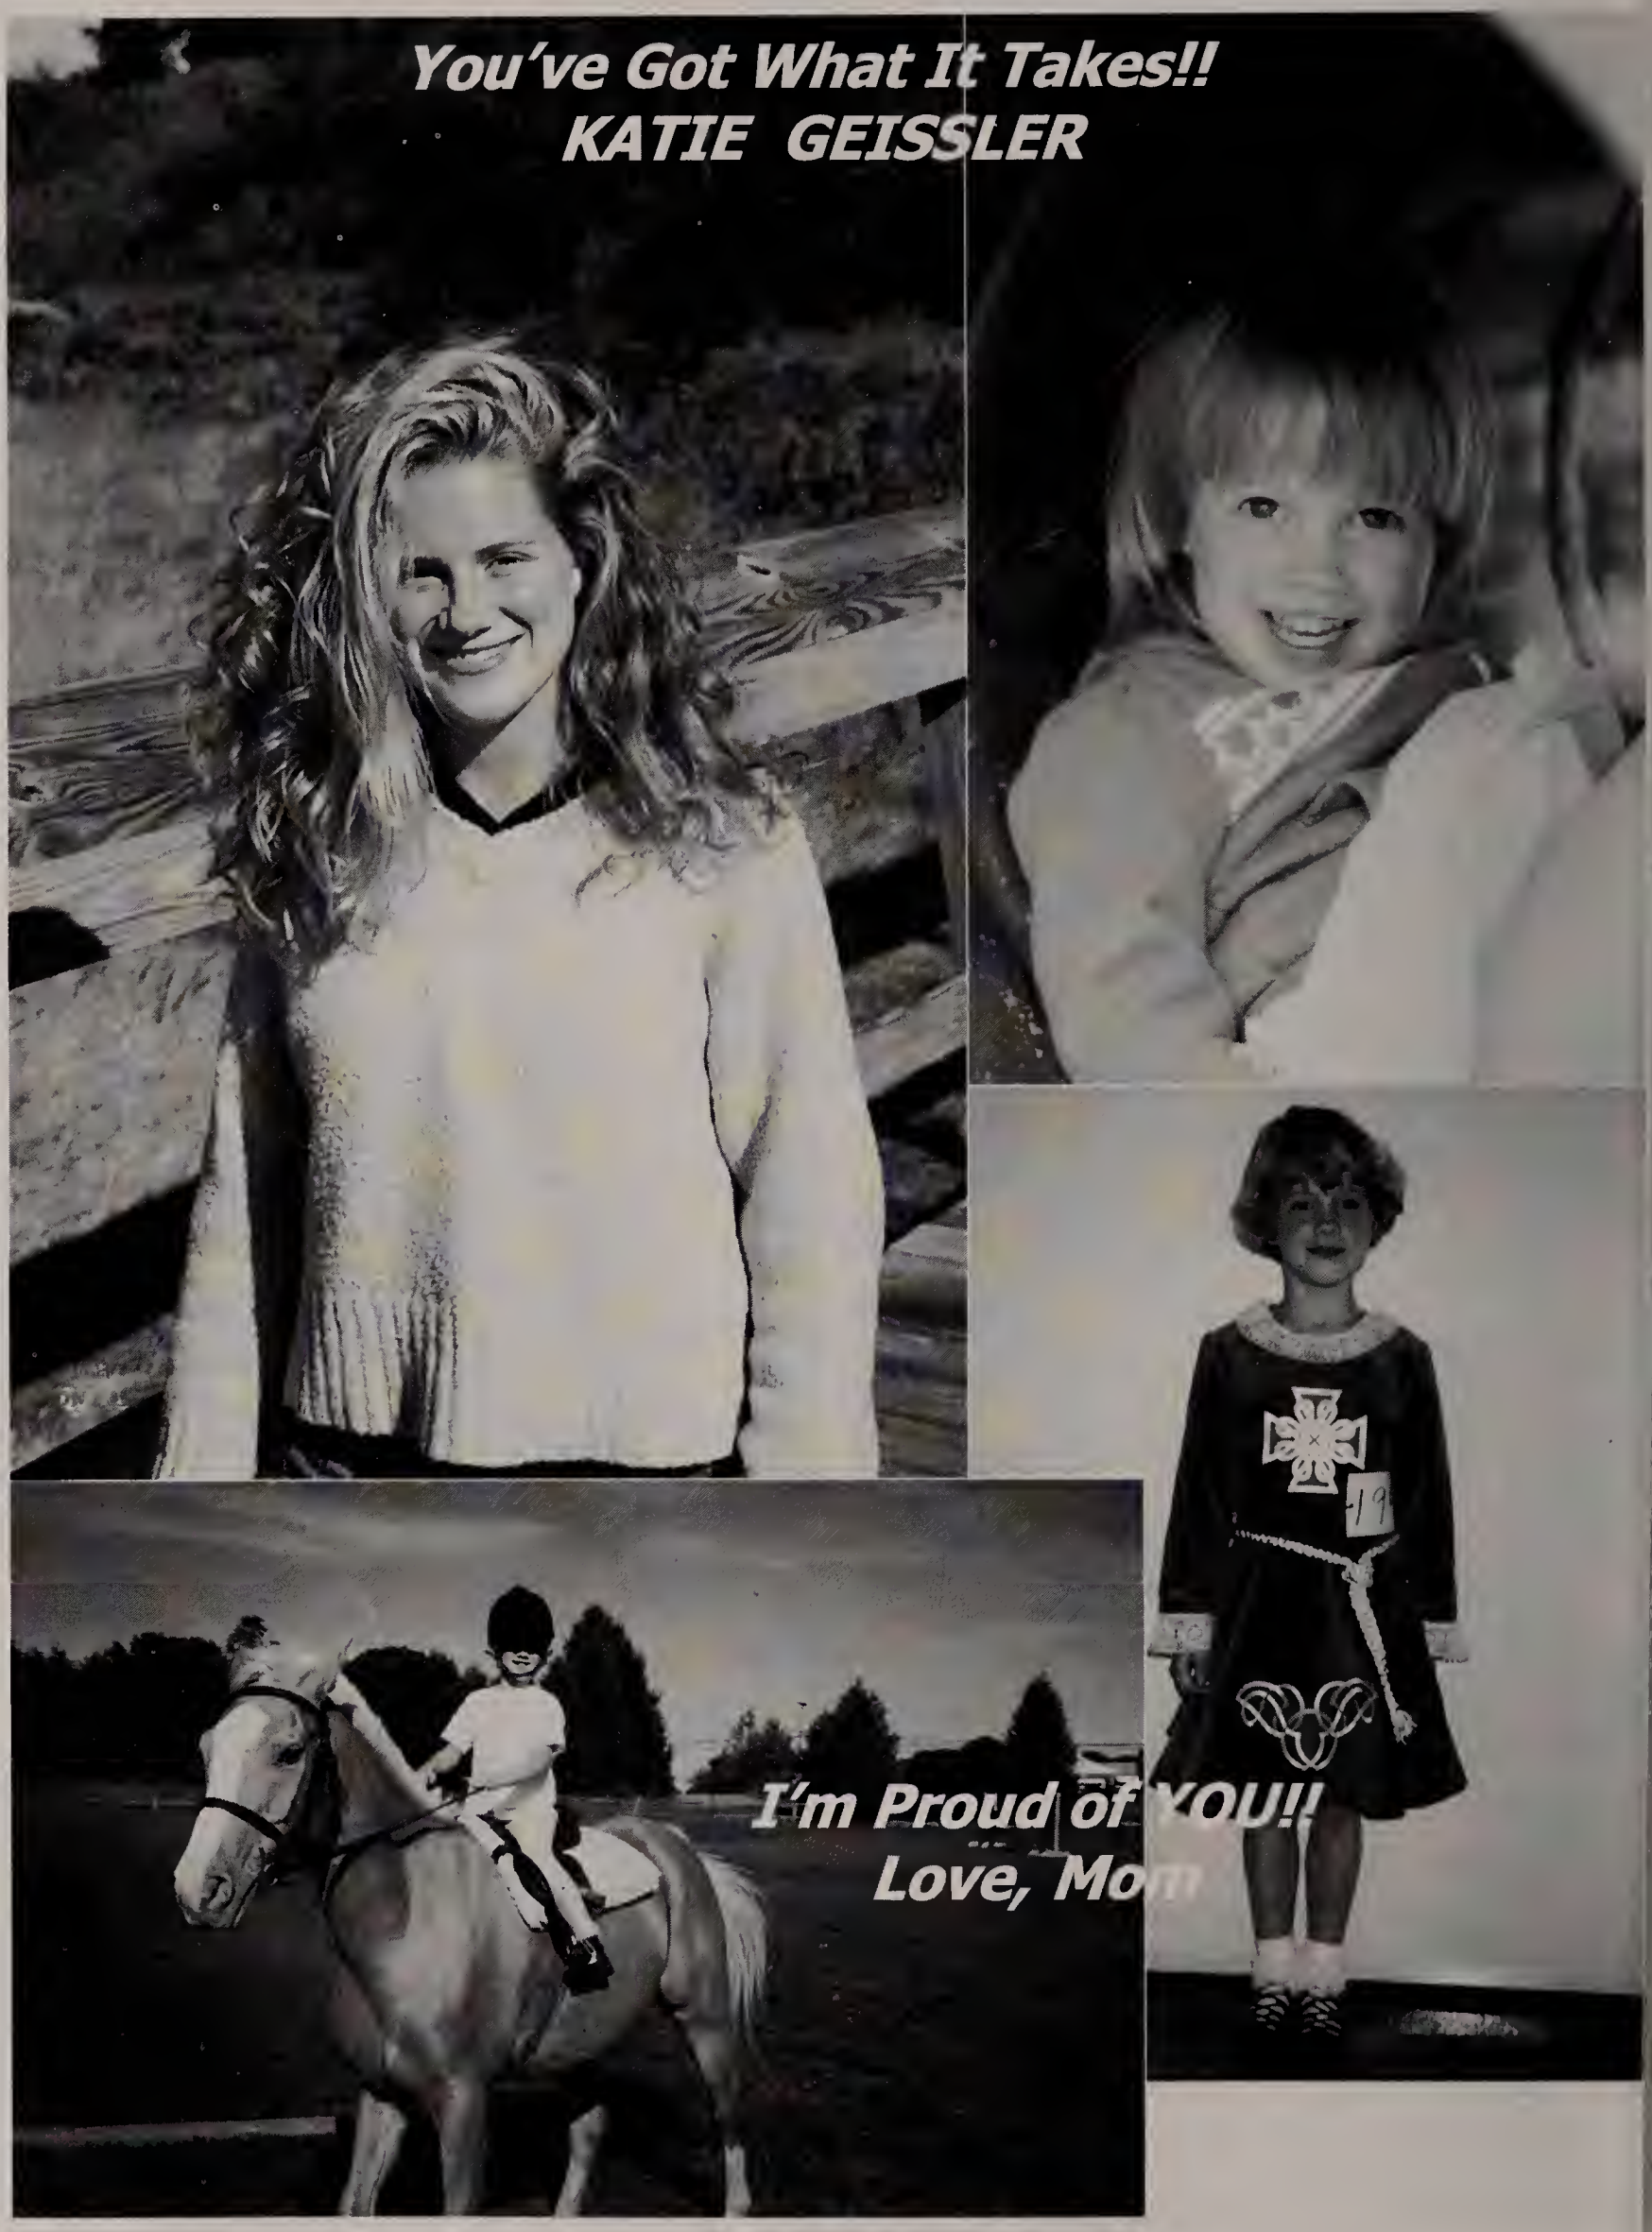

To My Son

What can I show you,
to give you the sight,
to see what's hidden inside?
How can I make you,
discard hollow shell,
to do what hasn't been tried?
What should you believe,
where change is the rule,
and worth is measured in stride?
So trust in your heart,
believe in yourself,
be strong where others have died.
Know that I love you
still willing to weep,
the tears I haven't yet cried.

Congratulations Jake Henry!
Keep your eyes on your dreams,
And your champion's heart will
Lead you
To you.

With much love from your family.

Becky,

Your third grade teacher called you a peach. Your Junior English teacher called you a sweet soul. Your report card comments described you as being a pleasure to have in class. I just want you to know you are a pleasure to have at home. You are truly a kind spirit. I love you. I'm proud of you. I think you are beautiful inside and out.

Love, Mom

Born on Sunday, early eve, as parents we found ourselves so naive... 9 lb. 6 oz, a healthy boy, a permanent twinkle in your mom and dad's eyes.....

You grew up so fast, full of question, never afraid to ask. Our family grows, your sister arrives, each breath she takes enriches our lives...

You play real hard, love trucks, cars and sports, you go to school and get great reports..you're a real team player you never give up, give 100% of all you got...

When it comes to work you always pitch in, in life and games some you lose, more you win...

We love you more than you'll ever know, wish you only good things as you continue to grow...

You are rich in spirit, without a doubt, and going places is what your all about.

Keep a smile in your heart, and one on your face, and live your life at a slow steady pace.

There is a special place with your name on it deep in our heart, our son, our brother, our friend, you're off to a great start....Love Mom, Dad, Andi (Fro) & Bo

Mickael,

I am so proud of you in your four years of High School. You have become such a great young man I always knew you were super man, I love to watch you fly.

Fly high and free in college, Mike. Don't stop till you find your dreams.

I love you so much.

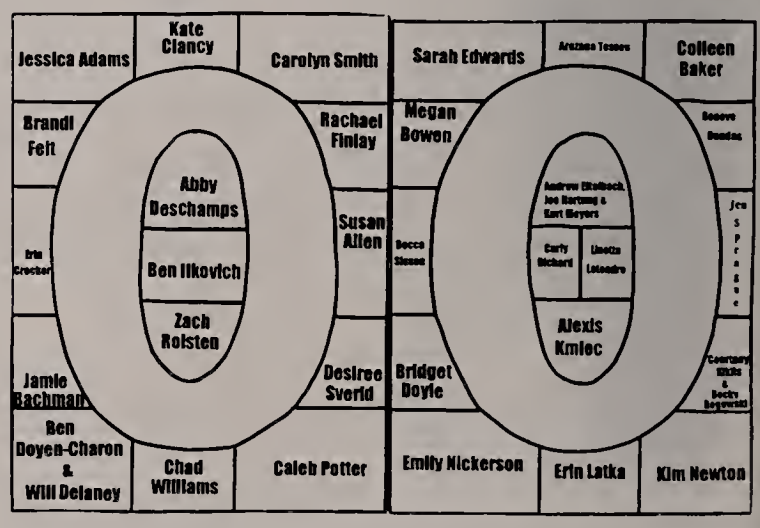

We wish you the
Best now and always

Nick,

There is no better time to be happy than now. If you find yourself waiting for your "real life" to begin, but you keep finding challenges in your way, realize that those challenges are your real life. Recognize that happiness is not a destination; it is the journey, challenges and all. The time to be happy is now.

Thank you for sharing the journey of your young life with us. We love you, we are proud of you, and wish you happiness today and each day as your journey continues.

With love,
Mom and Dad

KEITH:

Where did the time go ... It was only yesterday when we went out for lunch when your brothers were in school. Wendy's was the place ... We are very proud of you for the young man you have become, your values, honesty and your sincere desire to help others are amiable features to have. We know you will go far in life in whatever direction you choose or the road you will go on. Thank you for being YOU!!!!

Love,

As you leave High School behind, and begin a new chapter in the unfinished story of your life, always know that we love you and support you. The best of times are ahead, enjoy every day, and seize every opportunity. Your personality and desire will take you where you want to go. We will always be here, and will always do our best to help.

Linds,

The past 18 years have sure gone by fast. We have watched you grow up into a beautiful young woman. You have made us proud with all you have achieved and strived for the past 18 years. Not a day went by that you did not make us laugh over one thing or another. We will miss that! Remember, there is nothing in this world that you can not achieve. Find your dream and go after it. It is yours for the taking. Best of Luck to the Class of 2000.

A vision without action is but a dream; action without vision is a waste of time; but vision with action can change our lives.
— M. Tinajero

I am so very proud of all of you. The things you've accomplished over the last couple of years, the obstacles you've hurdled and the transition into adulthood has been fun to watch. We have seen many changes in the program here at NRHS and it couldn't have been done without all of your vision of what this team should be. We've seen the team go from a measly 9 to a whopping 23 (then 21, 18, 19, 17 ...). We've gone from sloppy elevators to solid liberties & single base, from not enough girls, to having guys on the team. Wow. I'll try not to cry when graduation day comes, but I can't promise anything (I got nuthin'). With each new season we get better, & with that, we lose our most experienced team and say "I started that." What a legacy you leave! I'll think of you all often especially when: my Danielle acts up or a flyer is 'nimbly' or someone falls off a sitter or I get portraits done or a guy wants to cheer. Thanks for all the special memories.

I will miss you very much.

Senior Week is the last opportunity for us to socialize with our graduating class. It is a time to get together and remind each other of the memories of Nauset. Whether or not we do see each other again, senior week gives us the chance to be with friends, to have fun before beginning our next stages in life, and to say good-bye until the next time we meet. Senior week for the **Class of 2000** began with the Prom. Other activities included the senior picnic, banquet night at the Beachcomber, graduation rehearsals, and Project Graduation. Our sincere thanks to the senior class advisors, **Mrs. Fuller** and **Mr. Rouleau** for their tireless efforts in guiding us to a successful and fun-filled high school experience.
